

Unauthorized parking in the Keystone Ranches

Dear Keystone Ranch Homeowners,

Recently there has been an uptick in vehicles parked along the Ranch roads in several areas that we believe are there for the purposes of hunting, hiking, or cutting Christmas trees. K.E.S. is making an effort to address these vehicles and/or notify the Sheriff's department when this is observed.

We encourage resident participation in these efforts when this occurs between patrols. The number for Guest Services is 970 496 4000 and they will dispatch Keystone Emergency Services. The Sheriff non-emergency number is 970 668 8600 to report a trespass in-progress.

Thank you for help and understanding as we work together on behalf of the neighborhood. Owner calls in real time are helpful as your awareness greatly increases the effectiveness of these efforts.

Thank you,

Emir Odom
